

**glycosphingolipid metabolic process, GO:0006687**

lipid catabolic process, GO:0016042

hyaluronan catabolic process, GO:0030214

NAD+ kinase activity, GO:0003951

lysosomal transport, GO:0007041

hydrolase activity, GO:0004553

sulfuric ester hydrolase activity, GO:0008484

oligosaccharide catabolic process, GO:0009313

phospholipid transporter activity, GO:0005548

sphingomyelin catabolic process, GO:0006685

lipid transporter activity, GO:0005319

galactose catabolic process, GO:0019388

sphingomyelin phosphodiesterase activity, GO:0004767

serine-type carboxypeptidase activity, GO:0004185
