

**establishment of protein localization to plasma membrane, GO:0090002**

regulation of establishment of cell polarity, GO:2000114

protein localization to membrane, GO:0072657

cardiac muscle cell action potential involved in contraction, GO:0086002

structural constituent of muscle, GO:0008307

endothelial cell differentiation, GO:0045446

myelin assembly, GO:0032288
