

ligand-dependent nuclear receptor transcription coactivator activity, GO:0030374

mediator complex, GO:0016592

RNA polymerase II transcription cofactor activity, GO:0001104

response to retinoic acid, GO:0032526

regulation of intracellular estrogen receptor signaling pathway, GO:0033146

structural constituent of muscle, GO:0008307

actin filament network formation, GO:0051639
