homophilic cell adhesion via plasma membrane adhesion molecules, GO:0007155

regulation of intracellular pH, GO:0051453

muscle organ development, GO:0007517

transmembrane receptor protein tyrosine kinase activity, GO:0004714

negative chemotaxis, GO:0050919

potassium channel activity, GO:0005267

hormone metabolic process, GO:0042445
