

transcriptional repressor activity, GO:0001078

kidney development, GO:0001822

aggresome, GO:0016235

transcription factor activity, GO:0000982

gamete generation, GO:0007276

neuromuscular process controlling posture, GO:0050884

positive regulation of BMP signaling pathway, GO:0030513

venous blood vessel morphogenesis, GO:0048845

lymphocyte differentiation, GO:0030098

negative regulation of calcium ion-dependent exocytosis, GO:0045955
