

**establishment of protein localization to plasma membrane, GO:0090002**

prostaglandin metabolic process, GO:0006693

regulation of establishment of cell polarity, GO:2000114

high voltage-gated calcium channel activity, GO:0008331

cardiac conduction, GO:0061337

L-type voltage-gated calcium channel complex, GO:1990454

slit diaphragm, GO:0036057
