

**xenobiotic metabolic process, GO:0006805**

glutathione metabolic process, GO:0006749

glutathione peroxidase activity, GO:0004602

carboxylic ester hydrolase activity, GO:0052689

exogenous drug catabolic process, GO:0042738

negative regulation of smooth muscle cell chemotaxis, GO:0071672

cellular response to histamine, GO:0071420

glutathione transferase activity, GO:0004364

omega-hydroxylase P450 pathway, GO:0097267

sulfation, GO:0051923

arachidonic acid epoxygenase activity, GO:0008392

drug catabolic process, GO:0042737

dipeptidyl-peptidase activity, GO:0008239
