

voltage-gated potassium channel complex, GO:0008076

voltage-gated ion channel activity, GO:0005244

regulation of ion transmembrane transport, GO:0034765

potassium ion transmembrane transport, GO:0071805

voltage-gated potassium channel activity, GO:0005249

regulation of potassium ion transmembrane transport, GO:1901379

delayed rectifier potassium channel activity, GO:0005251

calcium ion regulated exocytosis, GO:0017156

calcium channel inhibitor activity, GO:0019855

neuronal action potential, GO:0019228

regulation of neurotransmitter secretion, GO:0046928

ion channel complex, GO:0034702

neuronal action potential propagation, GO:0019227
