

mitochondrial respiratory chain complex I assembly, GO:0032981

- respiratory chain, GO:0070469
- mitochondrial electron transport, GO:0006120
- mitochondrial respiratory chain complex I, GO:0005747
- NADH dehydrogenase (ubiquinone) activity, GO:0008137
- mitochondrial intermembrane space, GO:0005758
- electron carrier activity, GO:0009055
- NAD binding, GO:0051287
- cellular respiration, GO:0045333
- mitochondrial respiratory chain, GO:0005746
- oxidoreductase activity, GO:0016651
- mitochondrial inner membrane presequence translocase complex, GO:0005744
- respiratory electron transport chain, GO:0022904
- acyl-CoA dehydrogenase activity, GO:0003995
- NADH dehydrogenase activity, GO:0003954
- cellular response to interferon-beta, GO:0035458
- mitochondrial respiratory chain complex IV assembly, GO:0033617
- mitochondrial respiratory chain complex III, GO:0005750
- cellular nitrogen compound metabolic process, GO:0034641
- 1-acylglycerophosphocholine O-acyltransferase activity, GO:0047184
- mitochondrial respiratory chain complex III assembly, GO:0034551
- oxidoreductase activity, GO:0016655
