

nuclear inner membrane, GO:0005637

nuclear envelope organization, GO:0006998

mRNA cleavage, GO:0006379

NAD+ binding, GO:0070403

gamete generation, GO:0007276

delayed rectifier potassium channel activity, GO:0005251

phosphorelay signal transduction system, GO:0000160
