

phospholipid biosynthetic process, GO:0008654

NAD+ kinase activity, GO:0003951

L-serine transmembrane transporter activity, GO:0015194

L-serine transport, GO:0015825

positive regulation of fatty acid biosynthetic process, GO:0045723

phospholipase A2 activity, GO:0004623

negative regulation of myoblast differentiation, GO:0045662
