

protein transporter activity, GO:0008565

- Ran GTPase binding, GO:0008536
- protein targeting to mitochondrion, GO:0006626
- axon cytoplasm, GO:1904115
- NLS-bearing protein import into nucleus, GO:0006607
- anterograde axonal transport, GO:0008089
- coreceptor activity, GO:0015026
- anterograde synaptic vesicle transport, GO:0048490
- apoptotic DNA fragmentation, GO:0006309
- GTPase regulator activity, GO:0030695
- endoplasmic reticulum tubular network, GO:0071782
- cardiac septum development, GO:0003279
- cotranslational protein targeting to membrane, GO:0006613
- maternal process involved in female pregnancy, GO:0060135
- renal system development, GO:0072001
- cAMP biosynthetic process, GO:0006171
- chaperone-mediated protein transport, GO:0072321
