

chloride transmembrane transport, GO:1902476

potassium ion transmembrane transport, GO:0071805

muscle contraction, GO:0006936

chloride transport, GO:0006821

symporter activity, GO:0015293

regulation of intracellular pH, GO:0051453

anion transport, GO:0006820

intracellular calcium activated chloride channel activity, GO:0005229

excretion, GO:0007588

chloride channel activity, GO:0005254

anion transmembrane transporter activity, GO:0008509

GABA-A receptor activity, GO:0004890

secondary active sulfate transmembrane transporter activity, GO:0008271

oxalate transmembrane transporter activity, GO:0019531

oxalate transport, GO:0019532
