

phosphoric diester hydrolase activity, GO:0008081

inositol phosphate metabolic process, GO:0043647

3', GO:0004114

lipid catabolic process, GO:0016042

positive regulation of interferon-gamma production, GO:0032729

3', GO:0047555

phospholipase C activity, GO:0004629

cAMP catabolic process, GO:0006198

3', GO:0004115

phosphatidylinositol phospholipase C activity, GO:0004435

spinal cord motor neuron differentiation, GO:0021522

cGMP binding, GO:0030553

cGMP catabolic process, GO:0046069
